Captain LeCain Smith and first mate Sheila Moir will host a showing of their inspirational documentary film *Far Away*, which showcases the adventures filmed during from their six-year sailing voyage around the world on the good ship *Perelandra*, their custom-designed, forty-four foot ketch.

You will delight in scenes of life on the high seas, dancing dolphins, wild waves, sunsets, waterfalls, volcanoes, jungles, and strange animals of land and sea. Storytelling, music, and dance will enchant your eyes and ears.

But the most wonderful encounters are with the generous and warm-hearted people who live on the tiny specks of land dotted across the wide Pacific. *Bula, malo 'e lelei, kia ora, g'day*—say hello to them all.

Captain Lee and Sheilawill be on hand for further discussion and to answer your questions. Copies of the film and his other books will be available, and light refreshments will be on the salon table.
