

Building Team Minutes addendum 10/10/2013

From Gail:

as an addendum to the minutes please note that at the finance team meeting today (of which I am also a member) up to \$1200 was approved for shingling the roof. Tom and Karen Adamo are donating some of the shingles and I have emailed Dan about that.

I also learned that BUMC already has an account at EBS in Ellsworth. In addition to the church account, the Greenhouse Project is listed on that account with specific names for accessing/charging. So the finance team has asked me to contact Dwight Eaton and have my name added to the account under the heading of RFS. Therefore when supplies are needed a point person will have to let me know what specifically is needed and I will place the order.
